

Doodle Page Digital Download

This PDF file contains 1 (one) Doodle Page. The PDF has been put together to give you options when it comes to printing. Pages and patterns that are larger than 8½x11 have been provided in two formats:

1) Full Size

If you would like to have a full size print out, take the full size pages to your local print shop and they can print it for you. All full size Doodle Pages are 11x17

2) Tiled

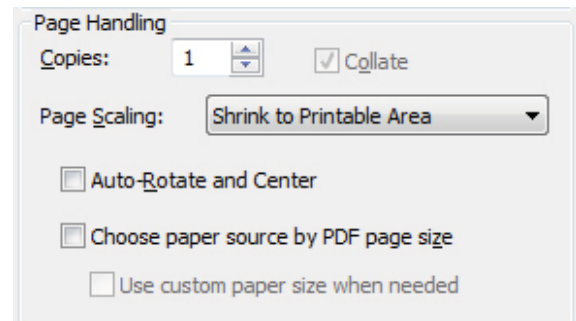

The tiled pages give you the option of printing the full sized Doodle Pages at home. You print the tiled pages and then assemble them to make the larger patterns.

The Doodle Page PDF files are typically laid out like this:

Front – full sized, front – tiled, back – full sized, back – tiled

(Some Doodle Pages do not have backs)

Please note: When printing on a home printer, the edges may get cut off. To avoid this, make sure “Page Scaling” is set to “Shrink to Printable Area” in the Adobe Reader print dialogue box. This will decrease the size of the Doodle Page a very small amount.

You may take this PDF file to your local print shop to have the full-size pages printed for your own personal use.

"A TOUCH OF EASTERN SPICE"

Leathercrafting, truly American in origin, has become one of the most fascinating and profitable avocations. Originating in the West, it took on a decided Western taste. Doodle Pages of the Month, offered by Crafttool Co., Western Firm, and carved by Western artisans, personal friends of its owner, naturally depicted Western scenes and floral patterns inspired by the luxuriant plant life of the West. Slowly but steadily the art of carving has moved Eastward, its secrets have been told, and the various methods taught to our Eastern friends. We are, therefore, proud to present for this month's Doodle Page, the interesting work of Mrs. Melba Fisher, busy housewife, mother of three, and wife of a busy Detroit Doctor.

MELBA FISHER

The Chinese Dragon, Phoenix, and Japanese "Happy Signs" might be used in decorating a five curve ladies belt, book cover or lamp base.

The craft should also be interested in the instructive use of the five seeders. Suggested uses for the little circles, other than in flower centers, are shown in the dragon flies, eyes of the phoenix, snail, etc. Also of particular interest is the realistic scales on the dragon, made with a Crafttool seeder No. 632 which was ground in half. The half tool was also used to form the letters B and A of Melba's name.

Truly a touch of Eastern Spice and our thanks to Melba Fisher.
