

## Doodle Page Digital Download

This PDF file contains 1 (one) Doodle Page. The PDF has been put together to give you options when it comes to printing. Pages and patterns that are larger than 8½x11 have been provided in two formats:

### 1) Full Size

If you would like to have a full size print out, take the full size pages to your local print shop and they can print it for you. All full size Doodle Pages are 11x17

### 2) Tiled

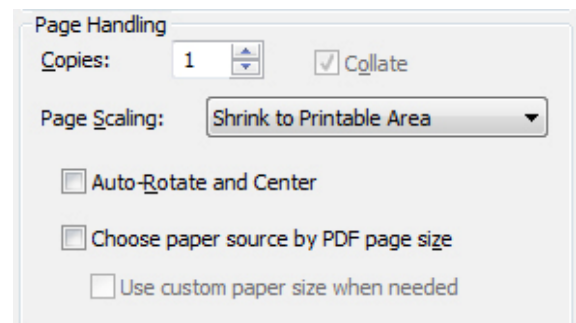

The tiled pages give you the option of printing the full sized Doodle Pages at home. You print the tiled pages and then assemble them to make the larger patterns.

The Doodle Page PDF files are typically laid out like this:

Front – full sized, front – tiled, back – full sized, back – tiled

(Some Doodle Pages do not have backs)

Please note: When printing on a home printer, the edges may get cut off. To avoid this, make sure “Page Scaling” is set to “Shrink to Printable Area” in the Adobe Reader print dialogue box. This will decrease the size of the Doodle Page a very small amount.

You may take this PDF file to your local print shop to have the full-size pages printed for your own personal use.

## DOODLE PAGE OF THE MONTH

Carl Wilson, this month's stamper is a first class doodler and offers to the Page of the Month Club a new idea with the matching designs for belt and watch strap. His style of stamping includes the use of the small camouflage tool No. 770 on long narrow stems, and the Crafttool No. 712 Mule Foot which is one of his favorite tools. See arrows.

Note the novel way of handling the embossed flower center as shown in the large flower and the use of Crafttool No. 310 to stop the basket stamping on the spur strap.

The new tools shown include new oak leaves that go well with the small acorn, coarse checked back ground tools No. 888 and No. 889, three new ropes and the bucking buckaroo.

The tiny bevelers (No. 935 smooth and No. 936 checked) will come in mighty handy when doing figure carving especially in those hard-to-get-at places. Seeders 931 and 932 were designed for small flower centers.

For back numbers of the Doodle pages Nos. 1-2-3-4-5-6 send 10c each to cover handling cost to your Crafttool Dealer.

## HELPFUL HINTS

Here's one from Ft. Worth, Texas. On designs with long narrow intertwining stems try the 100D blade in your top cutter to cut both lines at once.

To receive Doodle Page No. 9, please print your name and address on coupon below and mail to your Craft Dealer or include with your next order for craft supplies.
