## Threading The Needle

**Note:** Attach a needle to each end of thread, following these instructions.

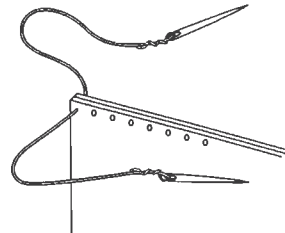

**Step 1.** Push end of thread through needle eye about 1/2".

**Step 2.** Pierce thread with needle point as shown.

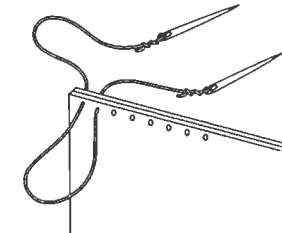

**Step 3.** Push thread up on needle to eye. Pull end of thread through eye as far as it will go. Hold needle and pull thread over eye to lock end of thread.

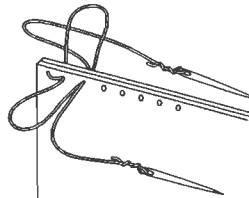

## Handstitching Instructions

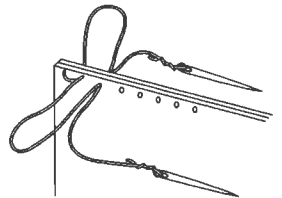

**Step 1.** Push one needle through first hole and pull to center of thread.

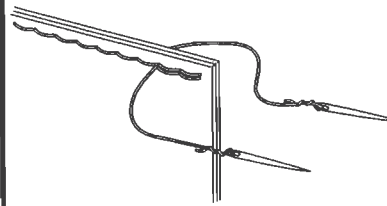

**Step 2.** Push needle from front side through second hole.

**Step 3.** Push needle from back side through same hole. Use care not to puncture thread with second needle.

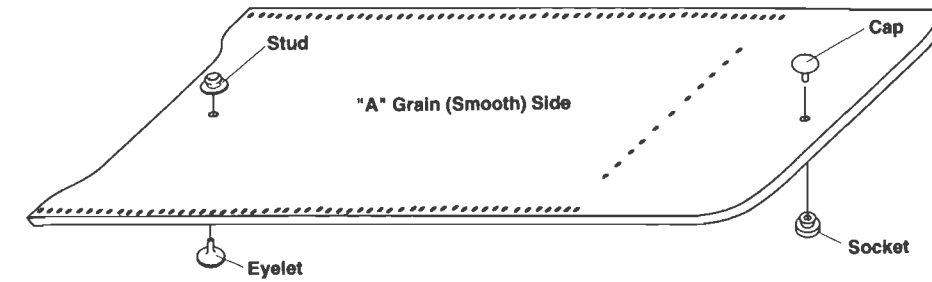

**Step 4.** Pull stitch tight. Push needle from front side through third hole. Push needle from back side through same hole and pull stitch tight.

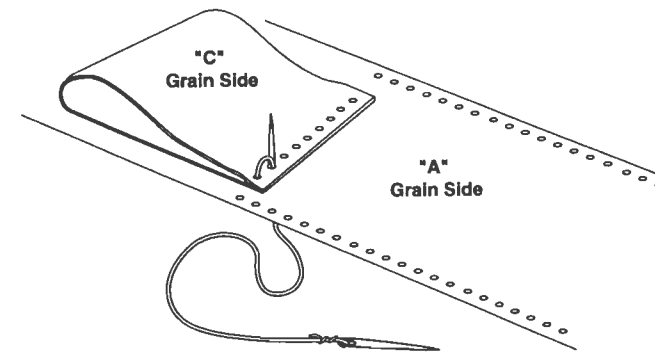

**Step 5.** To finish off, back stitch through last two holes and cut threads off flush with leathers.

## Assembly Instructions

**Note:** Complete all stamping and finishing before assembly.

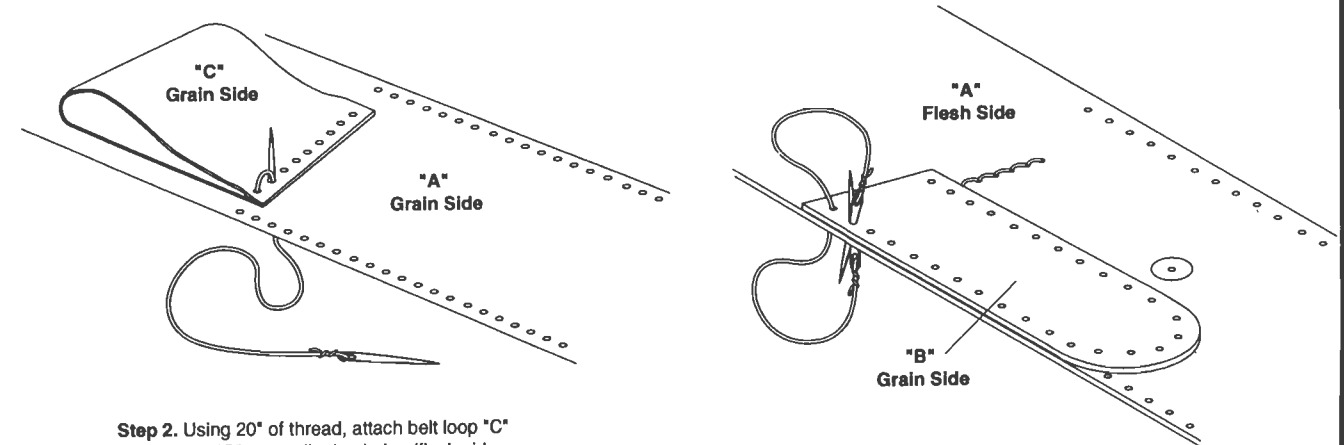

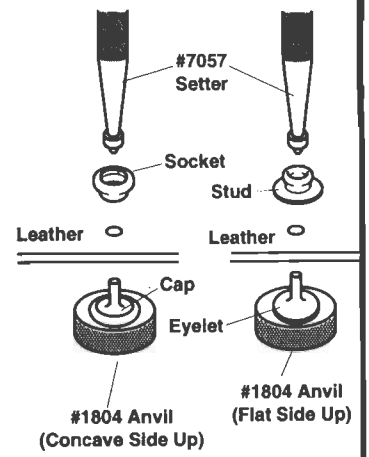

**Step 1.** Attach snaps as shown.

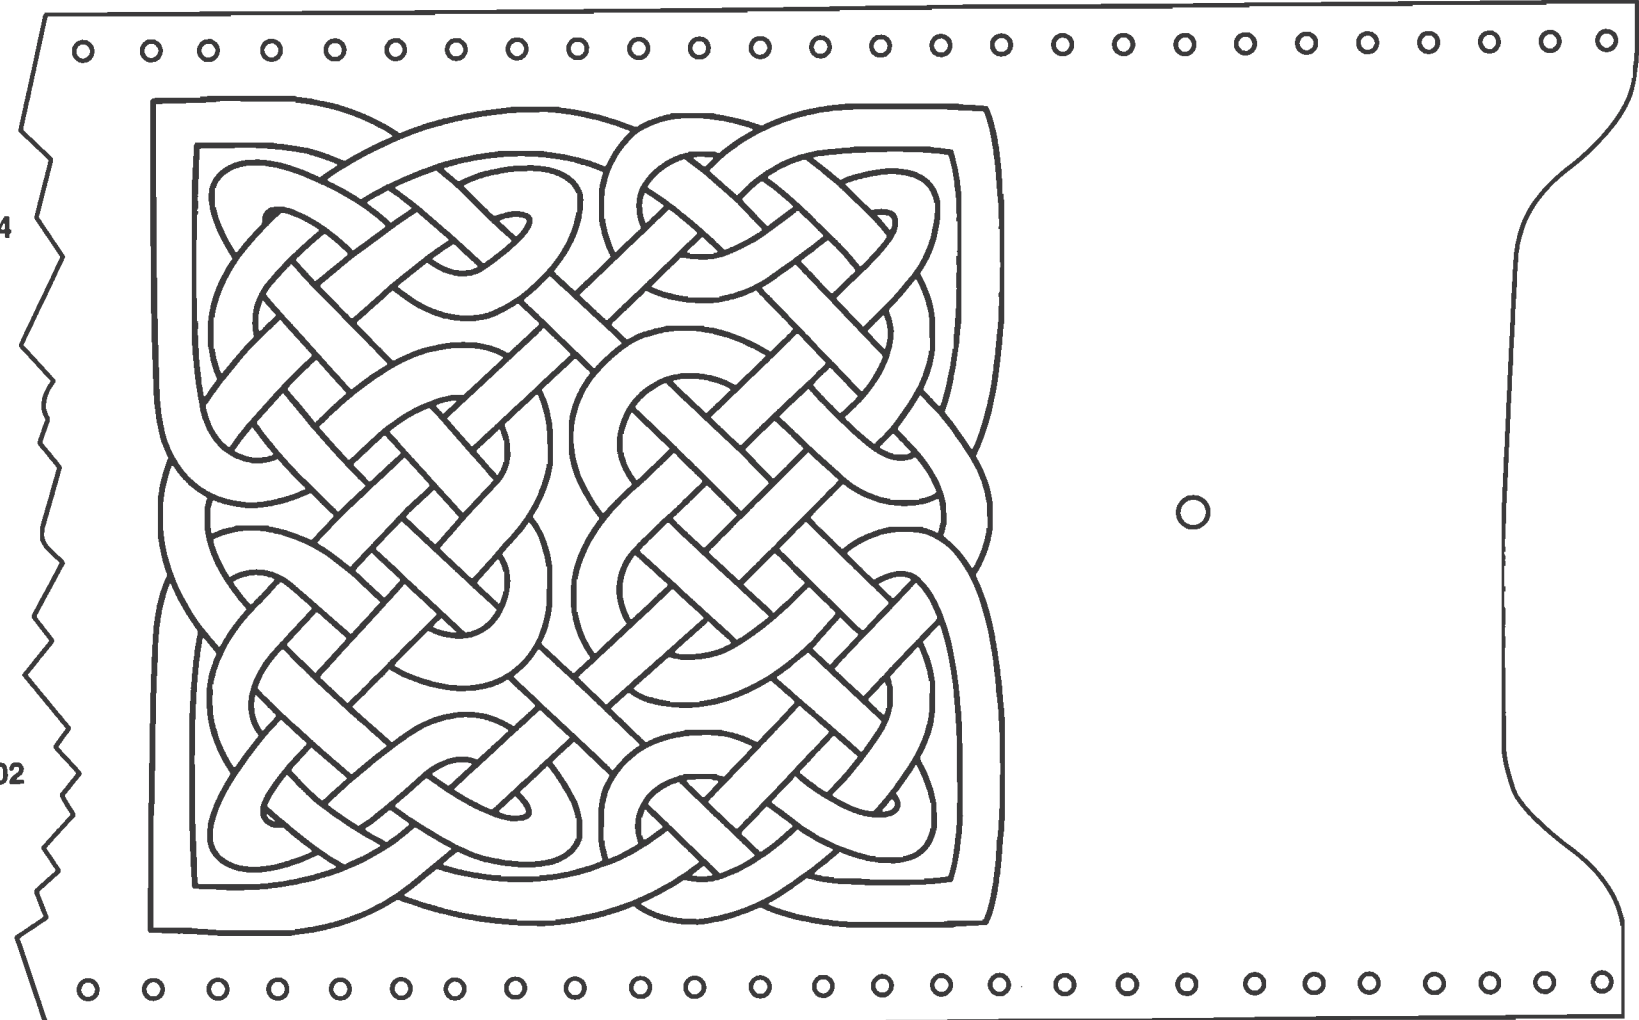

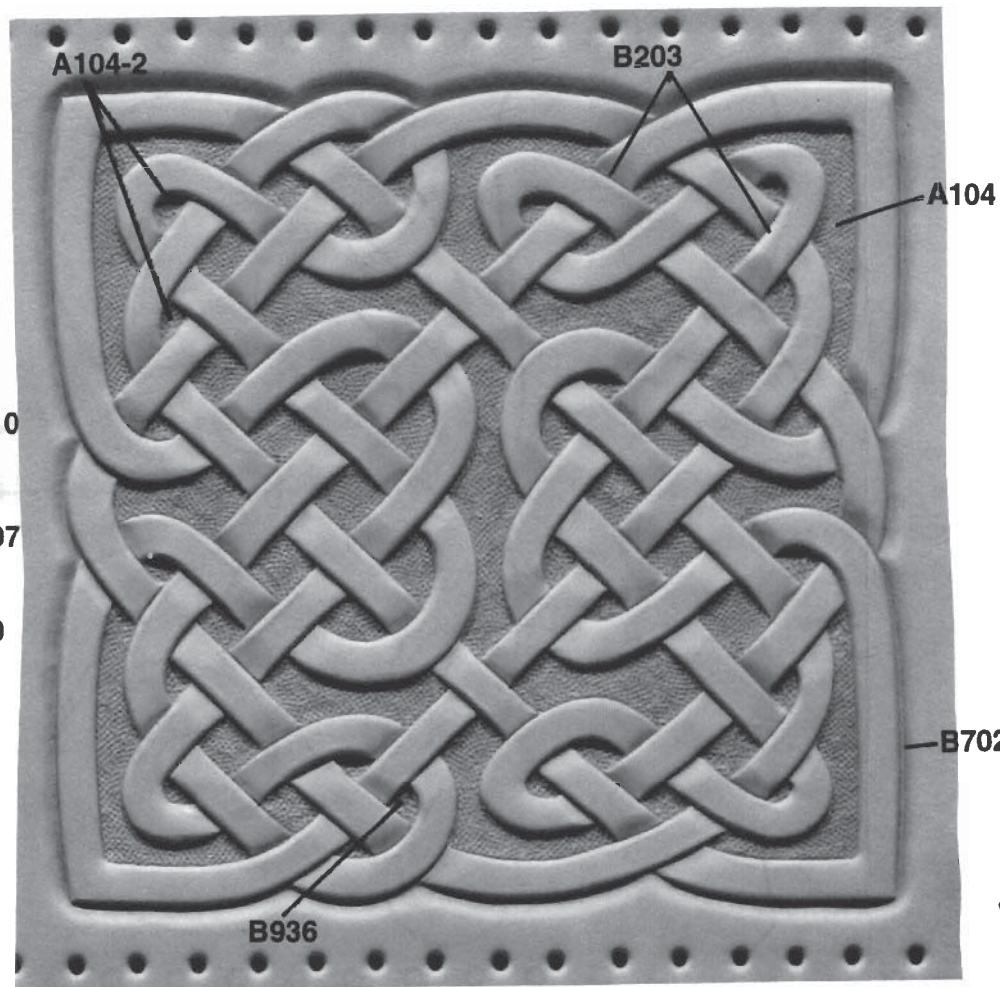

**Step 2.** Using 20" of thread, attach belt loop "C" to "A". Fold "C" over, aligning holes (flesh side to flesh side), align holes in "C" with holes on grain side of "A" as illustrated. Using Handstitching Instructions, stitch "C" to "A".

## Setting The Snaps

**Step 3.** Stitch both parts "B" to "A" flesh side to flesh side. Pull thread tight on each stitch.
