

Doodle Page Digital Download

This PDF file contains 1 (one) Doodle Page. The PDF has been put together to give you options when it comes to printing. Pages and patterns that are larger than 8½x11 have been provided in two formats:

1) Full Size

If you would like to have a full size print out, take the full size pages to your local print shop and they can print it for you. All full size Doodle Pages are 11x17

2) Tiled

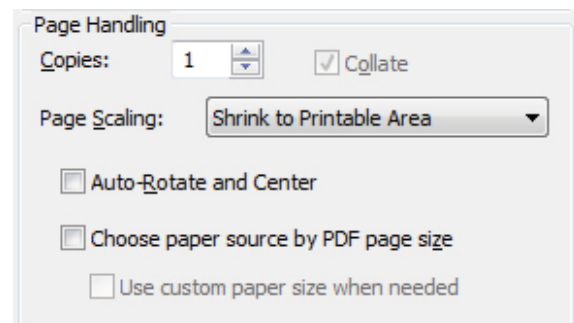

The tiled pages give you the option of printing the full sized Doodle Pages at home. You print the tiled pages and then assemble them to make the larger patterns.

The Doodle Page PDF files are typically laid out like this:

Front – full sized, front – tiled, back – full sized, back – tiled

(Some Doodle Pages do not have backs)

Please note: When printing on a home printer, the edges may get cut off. To avoid this, make sure “Page Scaling” is set to “Shrink to Printable Area” in the Adobe Reader print dialogue box. This will decrease the size of the Doodle Page a very small amount.

You may take this PDF file to your local print shop to have the full-size pages printed for your own personal use.

PAGE 2 SERIES 3

Doodle Page of the Month

EACH A LESSON IN ITSELF
 A NEW PAGE EACH MONTH CARVED BY THE FOREMOST WESTERN CRAFTSMEN FEATURING, NEW DESIGNS, NEW TOOLS & NEW IDEAS TO AID AND ASSIST THE CRAFT IN GENERAL TO RECEIVE NEXT MONTHS DOODLE PAGE PLEASE PRINT YOUR NAME AND ADDRESS ON THE COUPON AND MAIL TO YOUR CRAFTOOL DEALER

As promised last month on Page 1, Ken Griffin, master craftsman and author of "The Art of Leather Carving" utilizes the same basic flower to offer the craft some fancy doodling.

1. Compare the six designs with the one shown on Doodle Page 1. Note how the petals may be changed to alter the overall shape of the flower itself. Particular attention should be given to the base of the flower in the 5th design. Here the use of the smooth crowner alters the entire appearance of the design.

2. Observe the use of the seeder and shell tools.

3. Study the various uses of the tools and learn to distinguish their individual impressions. For instance, this is a very good example of where and how to use the pear shaders, fine lined, smooth and coarse—the shaded areas differ on each design as does the veins and decorative cuts. Notice how the cuts conform to the overall shape and yet add decorative detail to the design. Each a lesson in itself.

LEARN TO DOODLE. All that is needed is a few tools and some scrap leather. The results are that you will soon learn.

- (1) To overcome the fear of spoiling an expensive piece of leather.
- (2) The proper moisture content for using the swivel cutter—the stamping tools and when backgrounding.
- (3) Last but not least, you will learn to use the tools in their unlimited combinations. The decorative border is an excellent example of this. Try it yourself, its fun!

Save your doodle pages and tell your friends about "Page of the Month." Get them to join.

Back numbers of the Doodle Pages 10c Each. A Complete Set of Series One or Two, Per Set \$1.00.

Next month Al Stohlman comes through with "How to Make Your Own Design." Watch for it at your Craftool dealer.
