

## Doodle Page Digital Download

This PDF file contains 1 (one) Doodle Page. The PDF has been put together to give you options when it comes to printing. Pages and patterns that are larger than 8½x11 have been provided in two formats:

### 1) Full Size

If you would like to have a full size print out, take the full size pages to your local print shop and they can print it for you. All full size Doodle Pages are 11x17

### 2) Tiled

The tiled pages give you the option of printing the full sized Doodle Pages at home. You print the tiled pages and then assemble them to make the larger patterns.

The Doodle Page PDF files are typically laid out like this:

Front – full sized, front – tiled, back – full sized, back – tiled

(Some Doodle Pages do not have backs)

Please note: When printing on a home printer, the edges may get cut off. To avoid this, make sure “Page Scaling” is set to “Shrink to Printable Area” in the Adobe Reader print dialogue box. This will decrease the size of the Doodle Page a very small amount.

You may take this PDF file to your local print shop to have the full-size pages printed for your own personal use.

## HAND CARVED RIFLE SLINGS

I got the idea for this Doodle Page when my Dad bought a new rifle. He needed a sling for it like he has on his 30-60 hunting rifle so I made him one and thought it would be a good Doodle Page. So here it is.

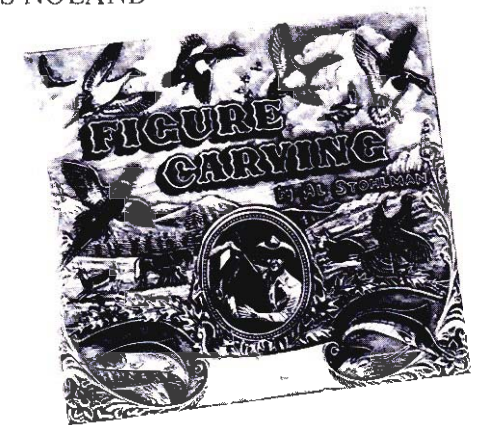

Dad made his about 15 years ago and he sold quite a few of them.

The instructions are pretty well explained by the drawings. You just join the tracings at the numbers to get the full size pattern and then lace it to the rifle swivels as shown in the Complete Working Pattern Detail.

You can either use the deer or bear in the picture or just put your name in the panel as I have done. Follow closely the Photo-Carve patterns on the front and you will come up with a good rifle sling.

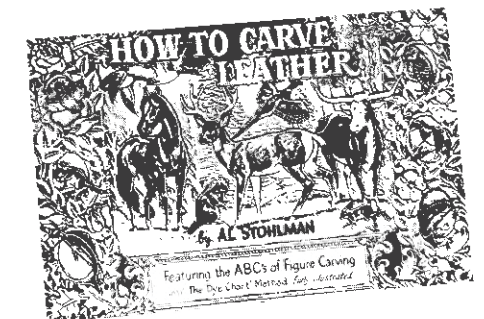

Good Luck in Leather Carving.
