

## Doodle Page Digital Download

This PDF file contains 1 (one) Doodle Page. The PDF has been put together to give you options when it comes to printing. Pages and patterns that are larger than 8½x11 have been provided in two formats:

### 1) Full Size

If you would like to have a full size print out, take the full size pages to your local print shop and they can print it for you. All full size Doodle Pages are 11x17

### 2) Tiled

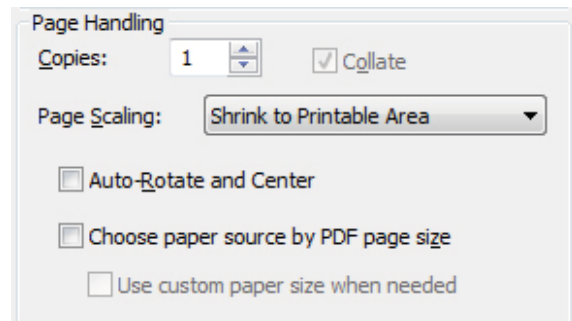

The tiled pages give you the option of printing the full sized Doodle Pages at home. You print the tiled pages and then assemble them to make the larger patterns.

The Doodle Page PDF files are typically laid out like this:

Front – full sized, front – tiled, back – full sized, back – tiled

(Some Doodle Pages do not have backs)

Please note: When printing on a home printer, the edges may get cut off. To avoid this, make sure “Page Scaling” is set to “Shrink to Printable Area” in the Adobe Reader print dialogue box. This will decrease the size of the Doodle Page a very small amount.

You may take this PDF file to your local print shop to have the full-size pages printed for your own personal use.

### MAGNETIC DOODLE PAGE RECIPE

Take a hand full of leather—an idea—and we have something new for the Doodle Pages. Actually it took Christine Stanley ten days to first draw the design, then carve the page and the figures, for she is a busy housewife with a husband and three children to care for. When given the assignment all that was said was, "Let's have a Christmas Doodle Page with a Western flavor, sleepy cow ponies at the hitch rail, smoke coming out of the chimney spelling out Merry Christmas, with Santa and his eight tiny reindeer delivering a sack full of Crafttools." She mixed all the ingredients together, and after some fancy "cookin' on the back burner" came up with all the carvings cut out, embossed and with tiny magnets glued to the flesh side of the figures, so that they will "stay put," attracted by the thin sheet of metal glued to the back of the leather. Our second Magnetic Picture.

Quite an ATTRACTIVE way for everyone here at Craftool of saying Merry Christmas to all of you, and to wish you many, many more to come.

*Christine Stanley*

### COMING NEXT MONTH

Believing that NEW flowers are needed and wanted by the craft, we have had all the top carvers working on flowers of their choice. Starting with next month's Doodle Page we will feature eight of these flowers and ask you to vote for the one you like best. Thousands of prizes for the lucky ones who pick the winning "Flower of the Month." Three monthly contests with 24 flowers in all. Winning flowers will then be added to the Craftaid line. So let's start the New Year off right by helping us select the flower of your choice.

Doodle Page 6 will be released on January 7, 1957. Watch for it and please vote.

Christmas  
merry
