

Digital Downloads

This PDF package has been put together to give you options when it comes to printing. Some PDF file downloads may contain some documents larger than an 8-1/2" x 11" image. Pages and patterns that are larger than 8½x11 have been provided in two formats:

Full Size: If you would like to have a full size print out, take the full size pages to your local print shop and they can print it for you.

Tiled: The tiled pages give you the option of printing the larger patterns at home. You print the tiled pages and then assemble them to make the larger patterns.

Pattern PDF files are typically laid out as follows: Cover (if applicable), instructions sheets (if applicable), pattern 1 – full sized, pattern 1 – tiled, pattern 2 – full sized, pattern 2 – tiled, pattern 3 – full sized, pattern 3 – tiled. ...Etc.

Doodle Page PDF files are typically laid out as follows: Front – full sized, front – tiled, back – full sized, back – tiled (Some Doodle Pages do not have backs).

eBook PDF files contain 1 (one) full eBook. All pages in the PDF are full sized. This means that you may have to take the PDF to a print shop for certain oversized books if your home printer cannot print the larger pages.

Craftaid PDF files contain 1 (one) full Craftaid pattern or Craftaid pattern pack that has been converted into a tracing pattern. All pages in the PDF are full sized. This means that you may have to take the PDF to a print shop for certain oversized Craftaid patterns if your home printer cannot print the larger pages. **NOTE: These digitized patterns do not include any of the physical plastic templates (Craftaids) that may be mentioned, nor does the purchase of this PDF file imply a promise to receive any physical plastic templates (Craftaids).**

NOTE: Digital kit patterns do not include any kit parts that they may reference.

Please note: When printing on a home printer, use the settings seen on the image to the right in the Page Handling area of the Adobe Reader print dialogue box. If your printer is cutting edges off, set "Page Scaling" to "Shrink to Printable Area". This will, however, decrease the size of the pattern a very small amount.

NOTE: Some patterns may reference tools, and other items no longer available.

NOTE: You may take this PDF file to your local print shop to have the full-size pages printed for your own personal use.

Leathercraft Projects To-Go

Patriotic Designs On An Everlasting Leather JOURNAL

Plus A Look At History And "How We Honor Our Patriots"

OBJECTIVE: Students will learn about the theme while creating a useful and decorative leather project. Lesson includes history and new vocabulary words. Creativity, math and dexterity skills will be exercised to design, personalize, color and then assemble the project.

MATERIALS LIST

All Supplies Needed To Complete 12 Leather Journal Projects:

- Pre-Punched Veg Tan Tooling Leather Parts
- Cord & Beads
- Stamping Tools & Handles
- Mallets
- All-In-One Stain & Finish
- Sheep Wool & Sponges
- Cova Color® Acrylic Paints
- Brushes
- Sharpie Pens & Stencils
- Instructions & Handbook

YOU WILL or MIGHT NEED:

- Pencils For Planning & Scissors
- Plastic Water Bowls
- Classroom Markers, Acrylic Paints & Brushes
- Plastic Palettes, Plates Or Wax Paper For Paints

CLASSROOM TIME:
 Minimum of 4 Sessions:
 Design, Case & Stamp = 90 minutes
 Color the Projects = 45 minutes
 Assembly = 45 minutes

GETTING STARTED:

SESSION 1 - Design:

- Copy blank template on page 5, cut stencils apart on dotted lines and hand out all with pencils for planning designs.

SESSION 2 - Case & Stamp:

- To prepare for casing & stamping, set-up sturdy tables for 3 or 4 students per table with one plastic bowl of water & two sponges per table. Have paper towels and a plastic trash bag handy for spills.
- Hand out to each student: Copy of p. 6 instructions, project leather parts & mallet.
- Share stamps and stamp handles.
- Follow the Leather Preparation and Stamping Instructions on the next pages.

SESSION 3 - Adding Color:

- Set up 1 or 2 staining tables for All-In-One Stain & Finish to be applied with sheep wool pieces. Cover tables with paper to protect them from spills.
- Add additional color with Sharpie Pens & Cova Colors. Use plastic palettes, plates or wax paper for mixing paints.

SESSION 4 - Assembly:

- Copy & hand out Instructions (page 7) along with cord & beads.
- Practice assembly steps before class. Demonstrate the steps.

ABOUT THE PROJECT:

The leather used for this project is vegetable-tanned (Veg Tan) leather cut from cowhide. One side is smooth (the grain side) and one side is rough or suede (the flesh side). Veg Tan leather can have designs tooled on the smooth side using different tools and stamps.

The Leather Craft Handbook offers you more information on the various tools that are available and how to use them on future projects.

How & When Do We Honor Our Patriotic Loved Ones?

Independence Day (The 4th of July) -

A holiday set aside to honor the founding fathers of the United States of America.

On June 7, 1776, Richard Henry Lee, delegate from the Virginia colony, made a motion to the Continental Congress, stating that "these united colonies are and of right ought to be free and independent States, that they are absolved from all allegiance to the British crown, and that all political connection between them and the State of Great Britain is and ought to be totally dissolved." This motion was seconded by John Adams of Massachusetts and the resolution was passed the next day. On June 11, a committee comprised of Thomas Jefferson, Benjamin Franklin, John Adams, Roger Sherman and Robert Livingston prepared the first draft of the Declaration of Independence. On July 4, 1776, the final draft was presented and adopted.

Veterans' Day (November 11) -

Formerly known as Armistice Day, Veteran's Day is an annual holiday to honor all of those living and dead who served in the United States Armed Services in wartime. Armistice Day, as it was first called, was proclaimed in 1919 to celebrate the termination (at 11am on November 11, 1918) of World War I. It became a holiday in the United States, France, Great Britain and Canada. In Canada it is known as Remembrance Day and in Great Britain, as Remembrance Sunday. In 1954, the holiday acquired its current name, Veteran's Day, and a broadened significance due to World War II and The Korean War.

Memorial Day (end of May) -

Memorial Day was originally known as Decoration Day, a day to decorate the graves of the nations' Civil War dead. Sadly the birthplace where Memorial Day was first observed was fought over. Several Northern and Southern cities claimed to be the birthplace.

Continued ...

LEATHER PREPARATION:

Before you can stamp a design on leather, it needs to be moistened. This is called “casing the leather”. (Note: Sponges can be cut in half.) Students should share sponges and water bowls per table.

- 1) Apply water to the smooth (grain) side of your leather using a clean sponge and water. Dampen leather but not too much.
- 2) Set leather aside and wait until it begins to return to its natural color and feels cool to the touch. Then it is ready to stamp. While waiting for your leather to partially dry, plan the designs.
- 3) If some areas begin to dry too fast, lightly re-dampen with the sponge and water.

History Continued:

In 1966 under the direction of President Lyndon Johnson, Waterloo, N.Y. was declared the birthplace of Decoration (or Memorial) Day. Today the observance of Memorial Day honors all those (not just veterans) who died in all of America’s wars. In 1971, Congress declared Memorial Day to be a national holiday celebrated on the last Monday in May of each year.

Did You Know: Decoration Day was first widely observed on May 30, 1868, to honor those who made sacrifices during the Civil War. General John A. Logan declared:

The 30th of May, 1868, is designated for the purpose of strewing with flowers, or otherwise decorating the graves of comrades who died in defense of their country during the late rebellion, and whose bodies now lie in almost every city, village, and hamlet churchyards in the land. In this observance no form of ceremony is prescribed, but posts and comrades will in their own way arrange such fitting services & testimonials of respect as circumstance may permit.

The project for this lesson is to decorate a leather journal with patriotic designs.

VOCABULARY:

Casing - Adding water to one or both sides of vegetable tanned tooling leather to prepare the surface for tooling.

Flesh Side - The rough (suede) underside of leather.

Grain Side - The hair side of the leather with the hair removed.

Tanning - The process using tannins to change a fresh animal hide into leather.

Tannins - Yellowish substance from oak bark and other plants used to tan leather.

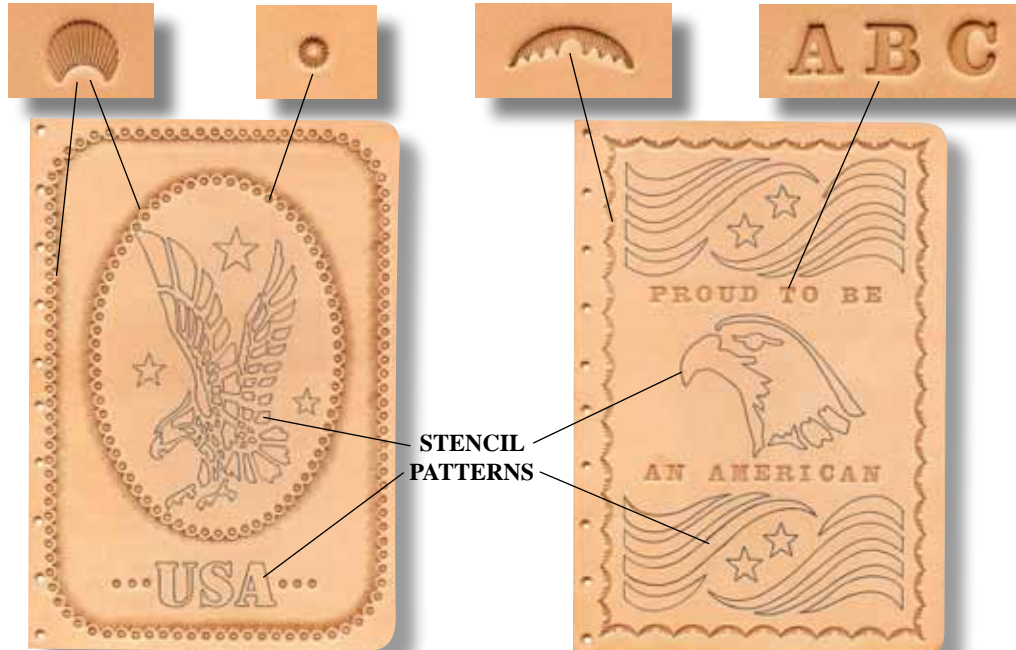

Staining - Adding color to the leather using different types of stains and paints.

Stamping - Using metal stamps with designs or shapes on the end and a mallet to put a design on the grain side of vegetable tanned leather.

Vegetable Tanned (Veg-Tan) - Leather which has been tanned with vegetable materials that are derived from certain plants and woods, often called bark tannins.

CREATE DESIGNS USING DIFFERENT STENCIL PATTERNS & STAMPS

Here are some ideas combining stencil patterns, stamps and alphabet stamps. The same samples are shown on page 1 with color applied. Different coloring techniques can be used: Leave backgrounds natural leather and add color using Sharpie Pens and Cova Colors. Or, apply All-In-One Color Stain & Finish over the entire project and then add more color.

COLORING HINTS:

WHEN USING ACRYLIC PAINTS over All-In-One, make light colors stand out on the dark background by first painting the inside of the design with white acrylic paint. Let it dry completely (few minutes), then paint over the white with the desired color. *If a lighter shade of the All-In-One is desired, apply a coat of All-In-One to the entire piece of leather, then use a damp clean cloth to wipe off as much as desired.*

MIXING COLORS: The primary colors (red, yellow & blue) can be mixed to create the secondary colors (orange, green & purple). Add white to lighten and black to darken a color.

CLASSROOM EXPANSION IDEAS:

- ~ Study the writing and adoption of the Declaration of Independence.
- ~ After making the Journal, challenge the students to collect names of veterans they meet. Record their names in the journals, the branch of military service and dates the veterans served. Add any stories of history the veteran may wish to share.

RECYCLE ME!

"I am your Theme Bucket - be sure to recycle me! I would like to end up in your closet with many of my friends. I could store art supplies, extra leather project parts, or even help you organize your files. Create a new label for me so I can help you find what is stored in me. But until it's time to recycle, I am happy to bring fun & learning into your classroom by offering you Projects To-Go from Tandy Leather Factory."

TEMPLATE FOR PLANNING DESIGNS

A large, empty rectangular area with rounded corners, intended for drawing or planning designs. The area is framed by a decorative scalloped border. On the left side of the rectangle, there are ten small circles, evenly spaced, which serve as punch holes for the paper.

STAMPING Instructions:

(Shown here on a leather strip.)

- 1) After leather has been cased, hold stamp in a vertical (straight up and down) position. Be sure stamp is facing the desired direction.
- 2) Strike handle end of stamp firmly with mallet to leave a deep impression.
- 3) Repeat with same or different stamps.

Be sure to keep leather damp while stamping. Reapply water lightly with sponge as needed.

SEE LEATHER-CRAFT HANDBOOK FOR MORE ABOUT USING STAMPS

STAMPING Alphabets:

(Shown here on a leather strip.)

- 1) To stamp two or more letters in a row, first mark the center of the space where letters will be stamped.
- 2) Place stamps side by side, centered over the mark. Be sure stamps are facing the correct direction.
- 3) Remove all stamps except the first one to be stamped.
- 4) Insert stamp setter in top of stamp and strike firmly with mallet. Repeat if necessary until impression shows clearly in the leather.
- 5) Place 1st stamp back over its impression. Position 2nd stamp next to the first for proper spacing.
- 6) Remove 1st stamp. Insert stamp setter in top of stamp and strike firmly with mallet. Repeat if necessary.
- 7) Repeat with rest of letters.
- 8) Allow project to dry completely before applying All-In-One Stain & Finish.

STAINING THE LEATHER:

You will be using All-In-One Stain & Finish which is a color and finish combined for speed. Be sure to work quickly and in a special staining area away from other supplies.

- 1) Shake bottle well. Transfer a liberal (heavy) amount of All-In-One onto a piece of sheep wool, but never directly onto the leather.
NOTE: Only one coat is needed.
- 2) Then apply to leather quickly, rubbing in a circular motion until color is even and all cuts and impressions are full of stain.
- 3) Remove excess with a clean piece of sheep wool. Then, buff to a mellow gloss with a clean piece of sheep wool.

OPTION: After stain is dry, come back and add more color using colored markers or acrylic paints.

ASSEMBLY INSTRUCTIONS:

Decorate before assembly and be sure project is completely dry before stitching.

USING THE RUNNING STITCH:

- 1) Position the two journal pieces (insides) together, aligning holes.
- 2) Begin at the top hole on the front side of the journal. Leave 6" of cord at the hole and stitch through top aligned holes to the back side.
- 3) Stitch down and out through the next aligned holes. Continue in & out to last hole.
- 4) At last hole, stitch over bottom edge of front piece only, and take cord up between parts to top hole. Stitch out through top hole to front side. Pull inside cord tight. Slide 3 beads on both ends of cord together and push up to hole to secure.

USING THE WHIP STITCH:

- 1) Position the two journal pieces (insides) together, aligning holes.
- 2) Begin at the top hole on the front side of the journal. Leave 6" of cord at the hole and stitch through top aligned holes to the back side.
- 3) Stitch over edge and down through the next aligned holes. Continue to last hole.
- 4) At last hole on the back, stitch over bottom edge of back piece only, and take cord up between parts to top hole. Stitch out through top hole to front side. Slide 3 beads on both ends of cord together and push beads up to hole to secure.

TO PLACE PAPER: Pull beads away from top hole to loosen cord loop on inside of journal. Insert folded 8-1/2" x 11" paper through loop, then tighten beads back up to top hole

STITCHING HINT:

When stitching, keep the cord flat - do not twist it.
