

Doodle Page Digital Download

This PDF file contains 1 (one) Doodle Page. The PDF has been put together to give you options when it comes to printing. Pages and patterns that are larger than 8½x11 have been provided in two formats:

1) Full Size

If you would like to have a full size print out, take the full size pages to your local print shop and they can print it for you. All full size Doodle Pages are 11x17

2) Tiled

The tiled pages give you the option of printing the full sized Doodle Pages at home. You print the tiled pages and then assemble them to make the larger patterns.

The Doodle Page PDF files are typically laid out like this:

Front – full sized, front – tiled, back – full sized, back – tiled

(Some Doodle Pages do not have backs)

Please note: When printing on a home printer, the edges may get cut off. To avoid this, make sure “Page Scaling” is set to “Shrink to Printable Area” in the Adobe Reader print dialogue box. This will decrease the size of the Doodle Page a very small amount.

You may take this PDF file to your local print shop to have the full-size pages printed for your own personal use.

Doodle PAGE of the MONTH

This month Ken Griffin introduces his conception of the wild west's legendary saddle tramp, "Pecos Bill" Knight of the open range. The large bold features of both "Bill" and his "cayuse" are easier to carve and stamp into leather than the more conventional likenesses, and such caricatures will lend a touch of good western humor to your photo album or scrap book cover.

At first glance, the floral pattern around the picture appears complicated, but it was entirely executed with the swivel cutter and four saddle stamps: the fine lined pear shader No. 984, the No. 200 beveler, No. 715 shell tool and No. 114 bar grunder. Ken is truly a master with a swivel cutter and demonstrates a variety of treatments on the various leaves and flower petals. Note also the use of No. 880 matting tool on the large background area around "Pecos" and his steed.
